

How to Register for a Barcode for the College Fair

At college fairs, the reps ask you to fill out postcards so that they may mail you information. Rather than fill out a postcard at every table, you now may register for a barcode. Print this barcode and bring it to the college fair. If you are interested in a college, you may have the rep scan your barcode. This will allow you more time for discussion with the representatives.

To register for a barcode, go to: <http://www.gotocollegefairs.com/>
